

**RE: 3 DAY SAMBURU NATIONAL RESERVE GAME SAFARI**

**OVERVIEW**

Explore the rugged and semi-desert Samburu National Reserve on this 3 day safari. Due to its remote distance and the fact that it was inaccessible for many years, the park has retained a naturally serene and quiet feeling. The reserve's topography is mainly open savannah (grassland) with clusters of acacia trees, forest, thorn trees and grassland vegetation and the surrounding is an area of spectacular scenery with its dry plains bisected by the meandering life lung Ewaso Nyiro River that cuts through this reserve, drawing a big population of wildlife to the park.
